

Zagazig University
Faculty of Veterinary Medicine
Department of Forensic Medicine and Toxicology

Academic Programs

Diploma of
Forensic Medicine

Diploma of
Clinical
Toxicology

Master of Forensic
Medicine and
Toxicology

PhD of Forensic
Medicine and
Toxicology

Also Teaching:

The course of Forensic Medicine and Toxicology for Undergraduate Students (Fourth Year).

Forensic Medicine and Toxicology courses in 6 diplomas belonged to different departments.

```
graph TD; A[Courses of Diploma of Forensic Medicine] --> B[Hematology and Bone marrow Diseases]; A --> C[Toxicological pathology]; A --> D[Tissues and body fluids Chemistry]; A --> E[Forensic Toxicology]; A --> F[Advanced forensic medicine and veterinary procedures];
```

Courses of Diploma of Forensic Medicine

**Hematology
and Bone
marrow
Diseases**

**Toxicological
pathology**

**Tissues and
body fluids
Chemistry**

**Forensic
Toxicology**

**Advanced
forensic
medicine and
veterinary
procedures**

```
graph TD; A[Courses of Diploma of Toxicology] --> B[ ]; A --> C[ ]; A --> D[Clinical diagnosis of poisons]; A --> E[Environmental Toxicology]; A --> F[Advanced General Toxicology];
```

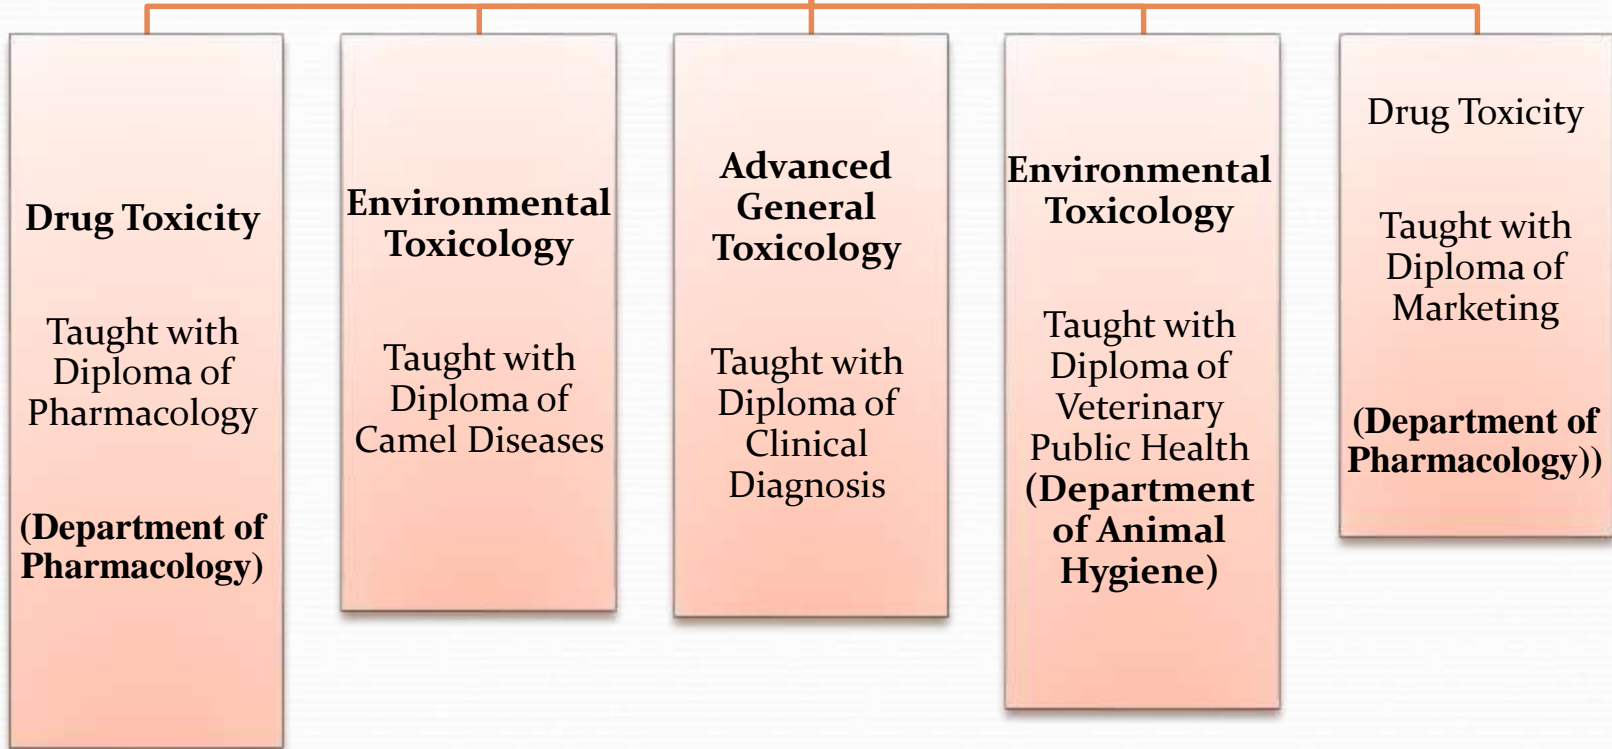

Courses of Diploma of Toxicology

**Clinical
diagnosis of
poisons**

**Environmental
Toxicology**

**Advanced
General
Toxicology**

Courses of Forensic Medicine and Toxicology taught with other Diplomas in Different Departments

Courses of The Master of Forensic Medicine and Toxicology

```
graph TD; A[Courses of The Master of Forensic Medicine and Toxicology] --- B[Basic Forensic Medicine and Toxicology]; A --- C["(199) Environmental Toxicology"]; A --- D["(201) Lab Diagnosis of Poisons"]; A --- E["(202) Drug Toxicity"];
```

**Basic Forensic
Medicine and
Toxicology**

**(199)
Environmental
Toxicology**

**(201)
Lab Diagnosis of
Poisons**

**(202)
Drug Toxicity**

Courses of PhD of Forensic Medicine and Toxicology

```
graph TD; A[Courses of PhD of Forensic Medicine and Toxicology] --- B[Basic Forensic Medicine and Toxicology]; A --- C[Forensic Medicine and Veterinary Procedures (197)]; A --- D[Advanced General Toxicology (198)]; A --- E[Forensic Toxicology (200)];
```

**Basic Forensic
Medicine and
Toxicology**

**Forensic Medicine
and Veterinary
Procedures
(197)**

**Advanced General
Toxicology
(198)**

**Forensic Toxicology
(200)**

Syllabus of Forensic Medicine and Toxicology

For Undergraduate Students (4th Year)

1st term

Forensic Medicine

Identification

Death

Wounds

Asphyxia

Physical injuries

Abortion

Vet. Procedures

2nd term

Toxicology

General Toxicology

Heavy Metals

Animal poisons

Pesticides

Mycotoxins

Toxic gases

Corrosives (Organic acids)
