

Zagazig University
Faculty Of Veterinary Medicine
Department Of Zoonoses

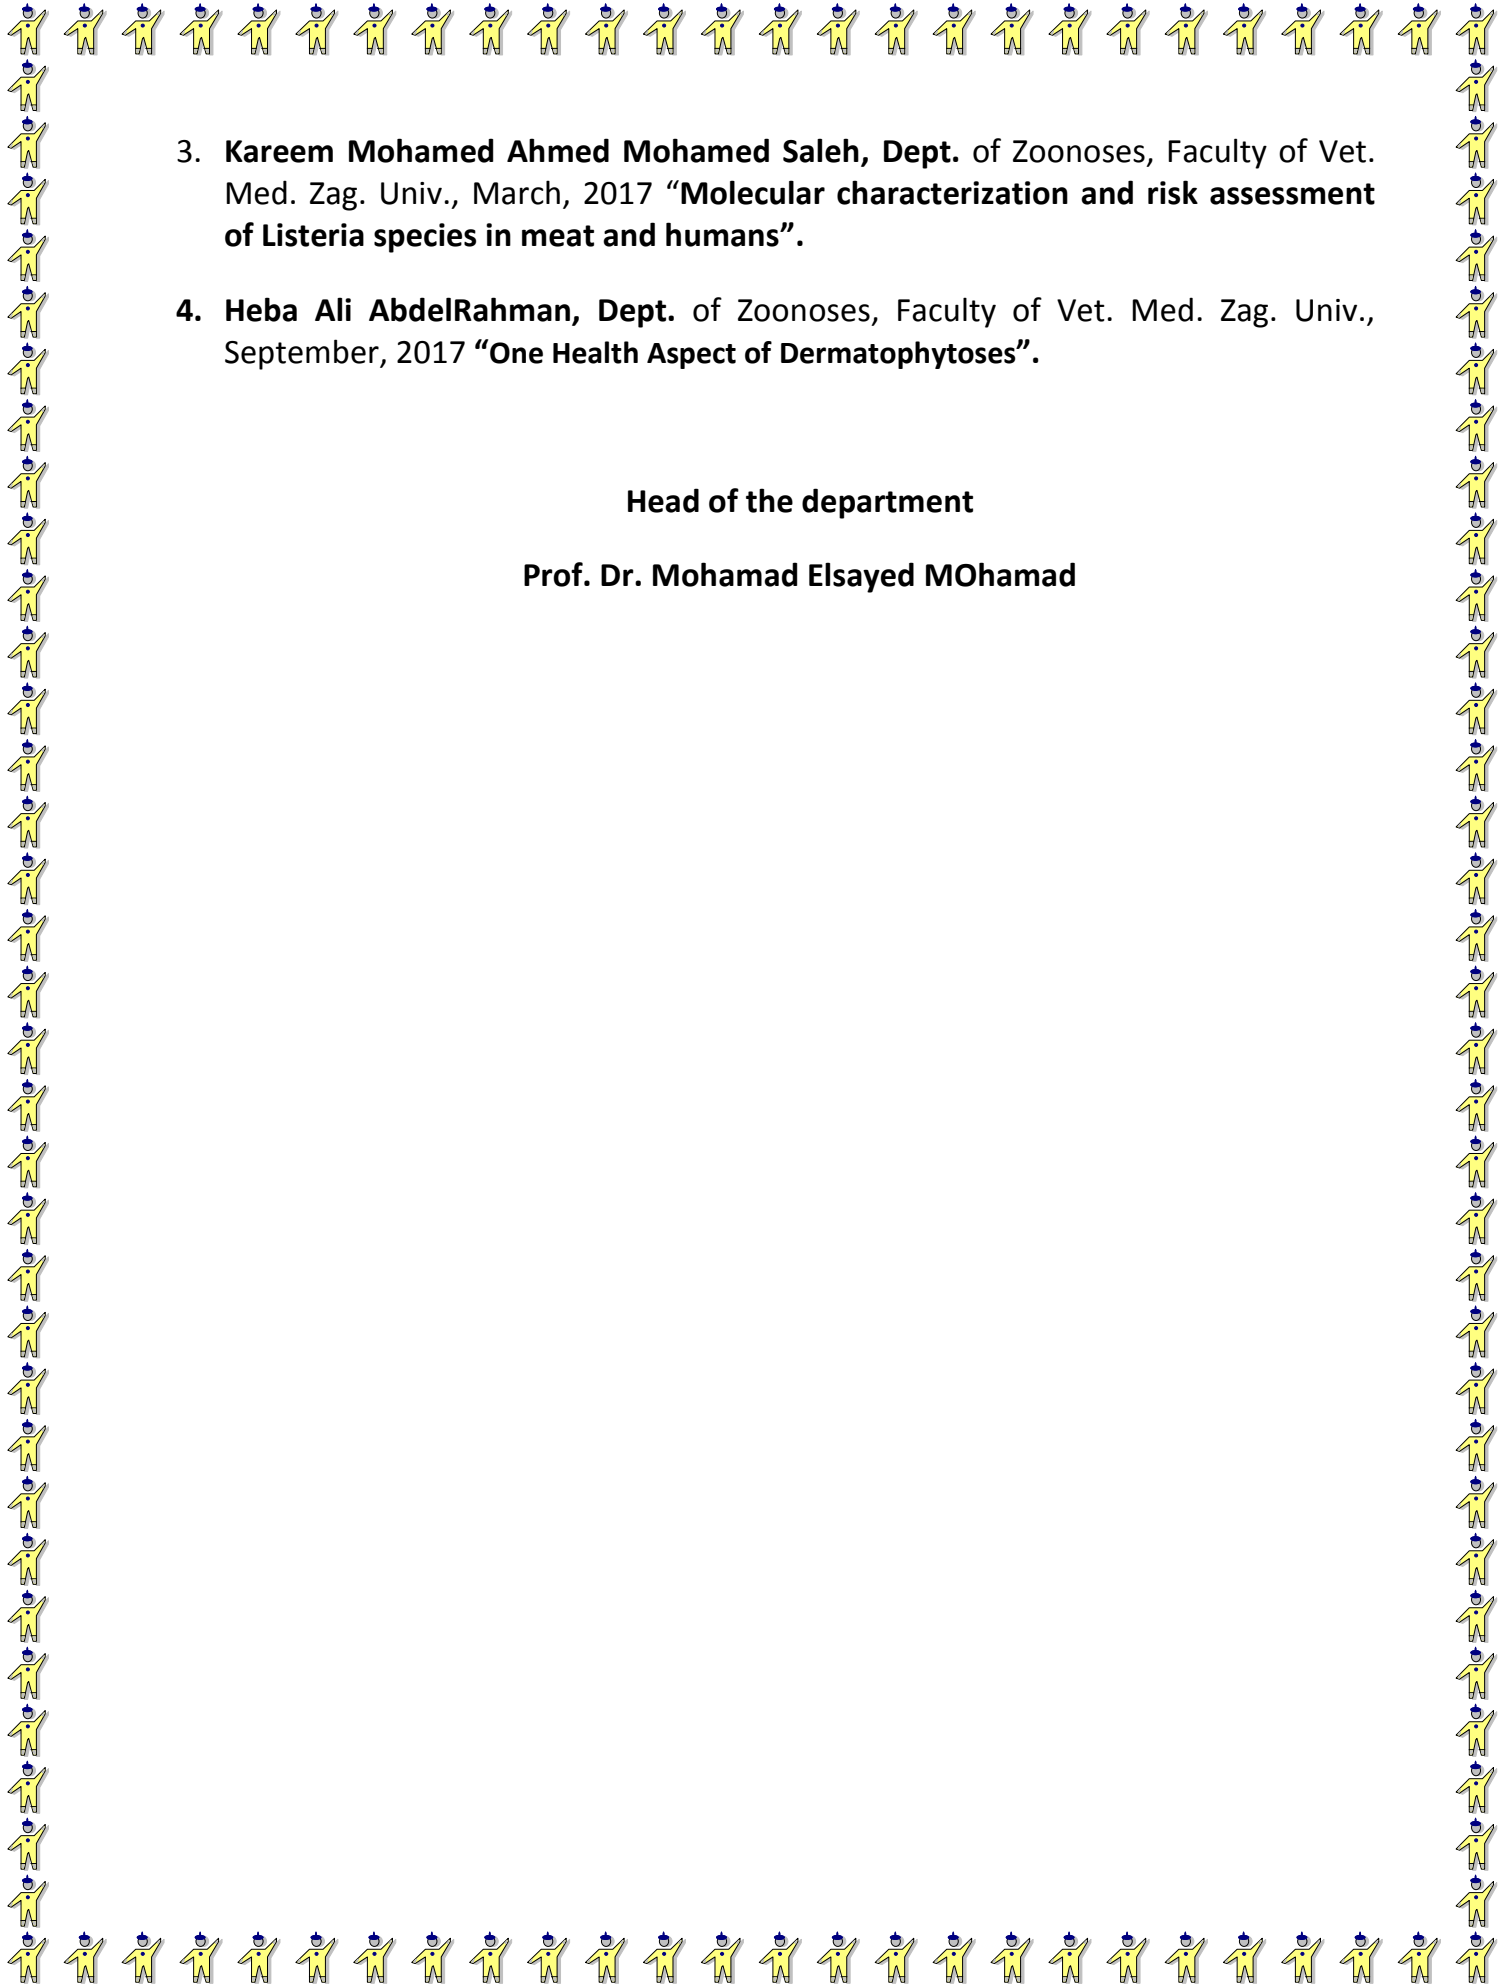

Under Supervision: Thesis

Master Thesis Under Supervision:

1. **Dalia Ahmad Samir, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., March, 2016 "Molecular and epidemiological studies on some zoonotic diseases transmitted through rodents".**
2. **Asmaa Abdel Kareem Awad, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., September, 2016 "Studies on Klebsiella species in small ruminants and humans".**
3. **Rowaida Abdel Azeem Mahmoud, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., September, 2016 "Marine and fresh water sources of zoonotic vibrio species".**
4. **Nada Khaled Mohamad Saeed, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., September, 2016 "Zoonotic importance of Rota viruses".**
5. **Fatma Ahmed AbdelRahman Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., March, 2017 "Emerging sources and risk analysis of Streptococcus infection".**

PhD THESIS Under Supervision:

1. **Vet. Marwa Magdy Abbas, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., March, 2015" Epidemiological studies on some Clostridium species in poultry and human".**
2. **Lobna AbdelKarim, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., March, 2016 "Molecular and epidemiological studies on Avian Influenza in relation to the risk assessment of the disease".**

- 
3. **Kareem Mohamed Ahmed Mohamed Saleh, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., March, 2017 “Molecular characterization and risk assessment of Listeria species in meat and humans”.**
 4. **Heba Ali AbdelRahman, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., September, 2017 “One Health Aspect of Dermatophytoses”.**

Head of the department

Prof. Dr. Mohamad Elsayed MOhamad
