

**Zagazig University**  
**Faculty Of Veterinary Medicine**  
**Department Of Zoonoses**

**Master Thesis**

1. **Vet. Rehab Eid Mohamad, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 26/8/2013 "The role of wild bird in transmitting some zoonotic bacteria".**
2. **Vet. Alaa Eldin Mohamed Saad, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 5/3/2014 "Zoonotic importance of Campylobacteriosis at Sharkia province".**
3. **Vet. Marwa Magdy Abbas, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 15/9/2014 "Epidemiological and molecular studies on some pathogens within family Enterobacteriaceae in dairy farms and human in contact".**
4. **Vet. Kareem Mohamed Ahmed Mohamed Saleh, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 23/2/2017 "Studies on Cronobacter species in animals and humans".**
5. **Vet. Hoda Mohamad El-Esh, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 14/6/2016, "The role of animals in Staphylococcal food poisoning in man".**
6. **Vet. Ahmad Magdy Ahmad Khalil, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 12/8/2016, "Some studies on Avian Influenza as a zoonotic disease".**
7. **Vet. Heba Ali AbdelRahman, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., "Candida species infection in animals and human".**

**2. PHD THESIS**

1. **Vet. Rasha M. A. Gharieb, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ., 2/7/2012, Zoonotic studies on some enteric protozoa.**

**2. Vet. Rasha Abu El-Ezz, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ.,  
Facioliasis in man and animals.**

**3. Vet. Rehab Eid Mohamad, Dept. of Zoonoses, Faculty of Vet. Med. Zag. Univ.,  
Epidemiological and molecular studies on some pathogens within family  
Enterobacteriaceae in dairy farms and human in contact**

**HEAD OF THE DEPARTMENT**

**PROF.DR. MOHAMAD ELSAYED MOHAMAD**
